NOTE FOR:

*Done - I believe
this has
been done
care of*

1. Each of you has received a copy of Admiral Rectanus' 18 June shot across the DCI's bow on the subject of Soviet designs on the Indian Ocean (if Rex had read a little more of Kipling we would have gotten the line about the "truce of the bear"). Precisely what Rex wants is a trifle obscure to me nor is it clear what he means by generating "a comprehensive Indian Ocean Intelligence Offensive."

2. The DCI wants to discuss this note with me and General Graham. Before I engage in any such discussion, I would like to caucus with the three of you on how we should advise the DCI to respond (expletives will not be permitted).
